ITS TRANSMISSION OR THE REVELATION OF ITS CONTENTS IN ANY MANNER TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

[redacted]

25X1 1. Radio Station West of Fort Mokotowski

a. A radio station is located in a block of houses in the Kol. NAKO"IEC city quarter, about 1/4 mile west of Fort Mokotowski (see Annex 1). The block of houses comprises a three-story villa, a so-called summer-house and a building with garages and lecture rooms. Three Diesel generating sets are in the basement of the villa. The Diesel units seem to be used for the generation of power in case the "ARSA" power plant, with which the radio station is connected by a cable, should fail.

The radio station is equipped with a three-fold T-shaped antenna on the roof and with an umbrella antenna on a 50-foot mast located in the garden.

Two PW's stated that the railroad station operates two 200-watt transmitters.

b. The radio station was constructed after the war with the help of Soviet officers and EM.

c. The radio station is assigned to the Ministry of the Interior or the Ministry of State Security.

2. Radio Station South of Fort Sluzewiec

a. Another radio station is located on the southern edge of Fort Sluzewiec, on Al. Pulawska, the southern exit road of "ARSA" (see Annex 1). The radio station has one multiple-story building and three trellis masts, one being about 130 feet high, the others about 80 feet. The masts bear umbrella antennas and are anchored to the ground by 12 bracings each. The outer bracing being anchored about 100 feet from the mast basis (see Annex 2).

-2-

The radio station was supplied with power through an about arm-thick underground cable running towards the city. The basement of the building had an unidentified generating set for emergency cases and a large pumping installation with a coiled pipe. The switch installations were located on the first floor of the building.

b. The radio station was connected with the Kol. RAKOWIEC radio station by an overhead cable, about two inches in diameter, and a four-stranded copper line.

c. The radio station had been built by German P's from 1946 to 1948. A radio station was located at the same point before and during the war.

d. Polish workmen stated that the radio station was assigned to the Ministry of the Interior. It was guarded by Corps for Interior Security (KB) personnel. \*

### 3. Radio Station East of Belvedere Park

a. A third radio station is located at 5 "29. go Listopada", east of Belvedere (or Lazienki) Park. It is located in a 4,000-square foot building and equipped with three antenna masts. The receiving and transmitting sets are located in four rooms on the first floor. There are eight sets of British origin for 2.5, 5, 8, 10, and 12-kilowatt transmitting power. One P' stated that the station operated on 48.53 and 62-meter bands.

b. The P's believed the station to be assigned to the Ministry of State Security. It was connected with radio stations in the Soviet Union and with stations of the Secret Police. \*\*

c. While working at the radio station one P' identified the unit cover-number "2162".\*\*\*

25X1  Comment:

\* The radio station near Fort Sluzewiec is located immediately south of a large ordnance and ammunition depot of the Ministry of State Security.

\*\* The radio station east of Belvedere Park is located in the barracks area of the "WARSAW" guard regiment. Ø
